

Linda,
I think that you are one of the
cutest girls in the class of '81. You
have a nice personality, which
glows through to other people. We
may have had our differences throughout
the years, but I hope that in the
future we'll become good friends
because I like you a lot. Good luck
in life. Love, "81"

I THE END? and THE BEGINNING!

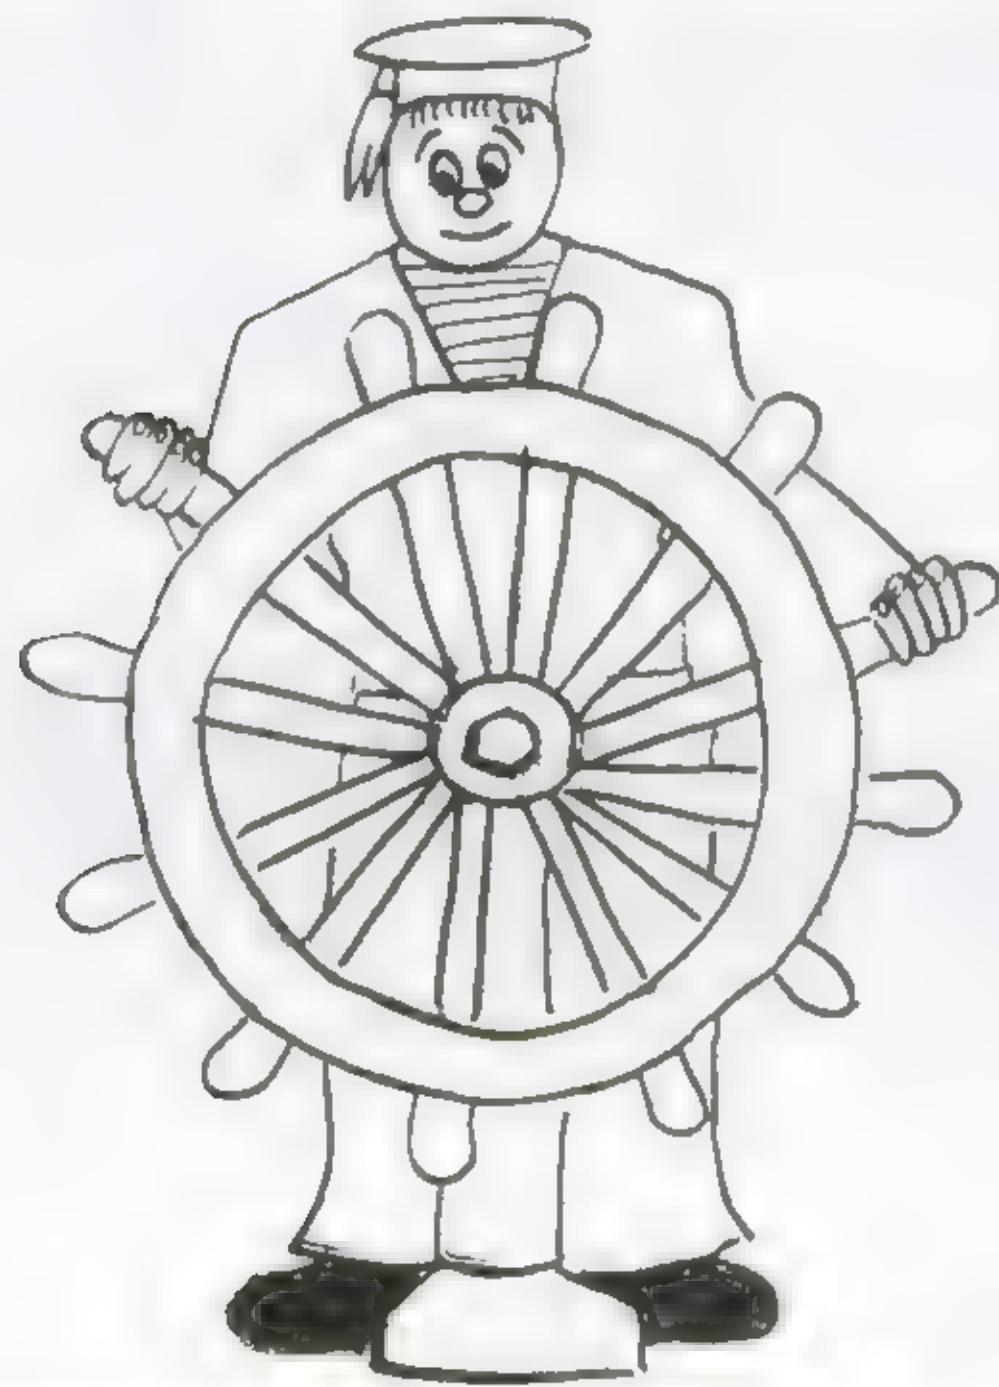

GRADUATION 1979!!!

"Look that it improve our lives give ourselves and we will receive success want friends we must look for it" were the words of Madame Sibylle Hypnos. "We must have incentive power and personality to make a mark in the world" were the words of Senator of City Green. We had personality we weren't crazy maybe a little bit rowdy but it is the good class in every good senior year. We will look for and find success because we were the Class of '79! We wish the best of luck to each other and to the future seniors of Avon High.

This page is in memory of
Mrs. Ida DeChant

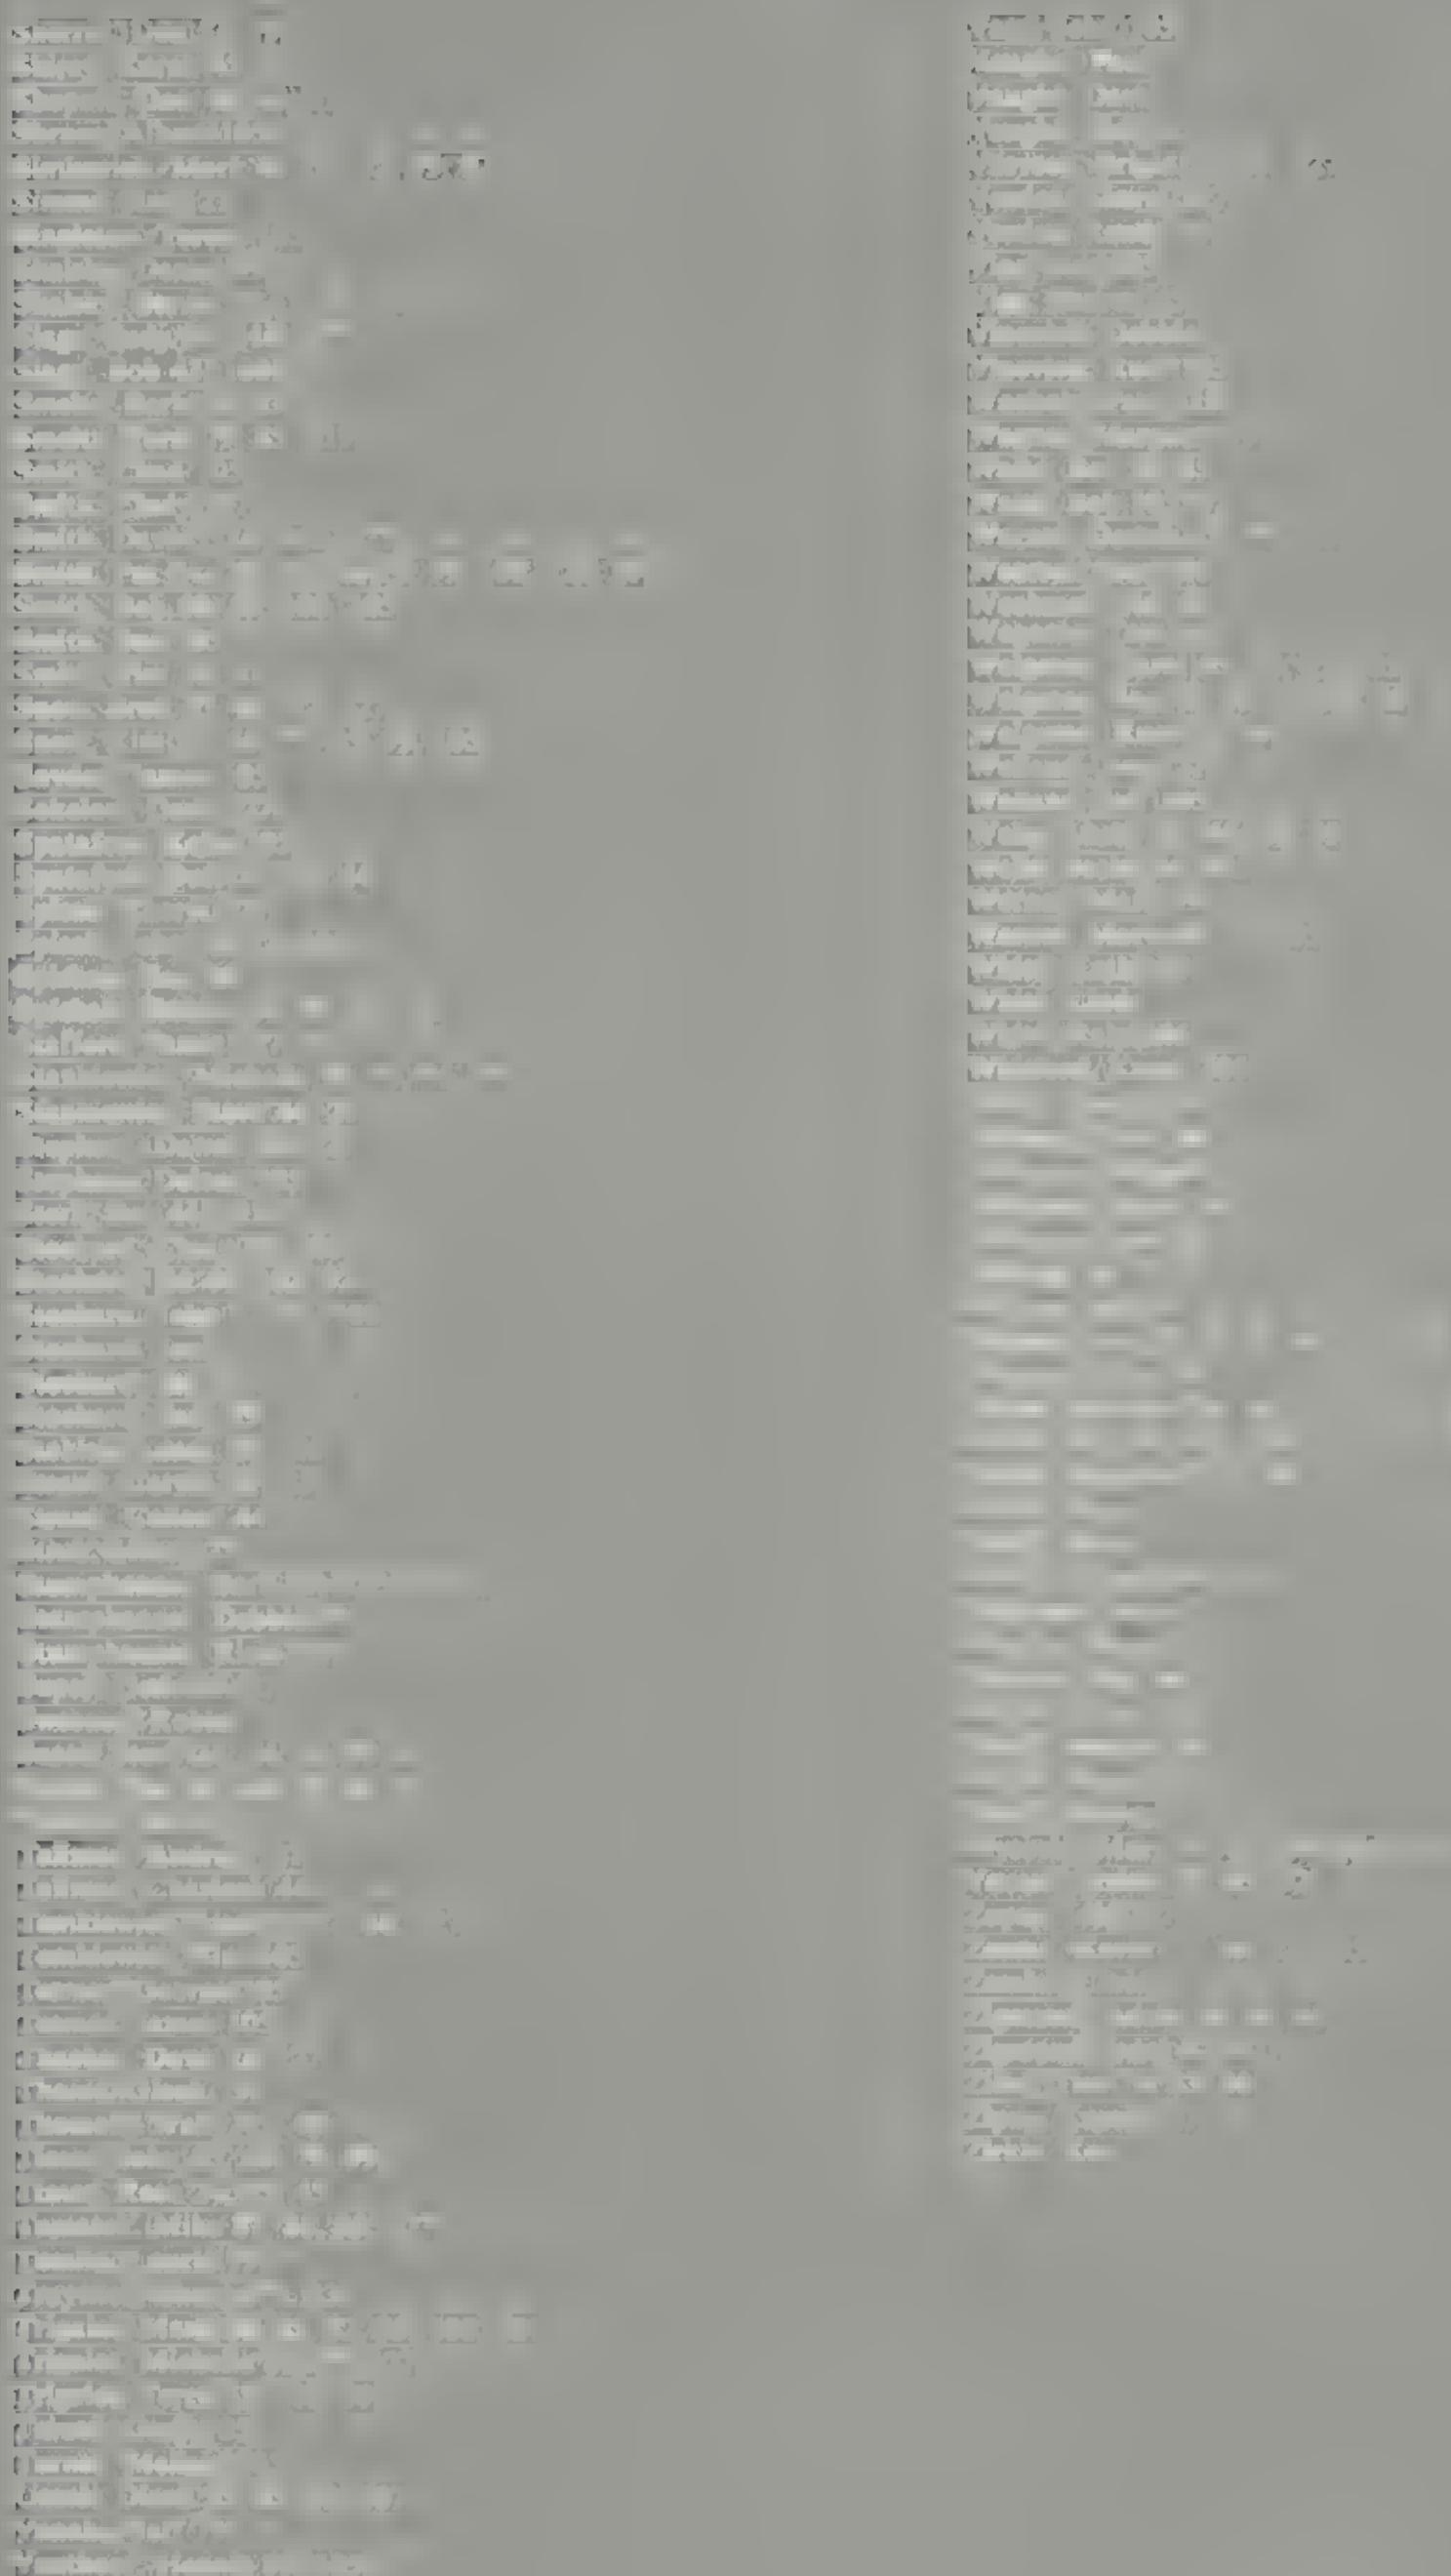

On this 22nd day of June, 1979, as the Editor of the 56th edition of Highlights, I, Scott Kobylski will sign the last cargo and send it to be published. I will also at this time thank my staff for their time and help. First, I would like to thank four people that helped me put together a major portion of the yearbook during the first two weeks of summer vacation. Mrs. McKinley, our advisor, typist and friend Pat Butti, our typist and proof-reader, thanks for typing everything in the last two weeks on our fine old typewriter. Terry DiLuciano, thanks alot for all the copy that you did and all the other help that you gave. Terry was truly a fine Co-Editor. Last but not least, thank you very much for your time and help, Lydia Perez. Lydia also did copy and many other jobs and for these reasons she is the person that I would like to see as editor of the 1980 Highlights.

There is a large group of people that were part of the staff that I would like to thank for their time and help throughout the year. Kathie Buzard, Sandy Crobar, Mark Trigalet, and Tim Plavan, I could count on their help when things were in a rush. Bob Smith and Tammy Noga were very helpful at the beginning and are deserving of thanks. These last three students I would like to thank for their time and thoughts during the beginning. Les Handl-ideas and beginner of the sea theme, Dale Martin and Bob Slaga, whom helped to reach our financial goals.

I would also like to thank the administration and school staff for their time and patience. Thank you very much. Last but not least, thanks to Mike Lynch for his developing and picture taking.

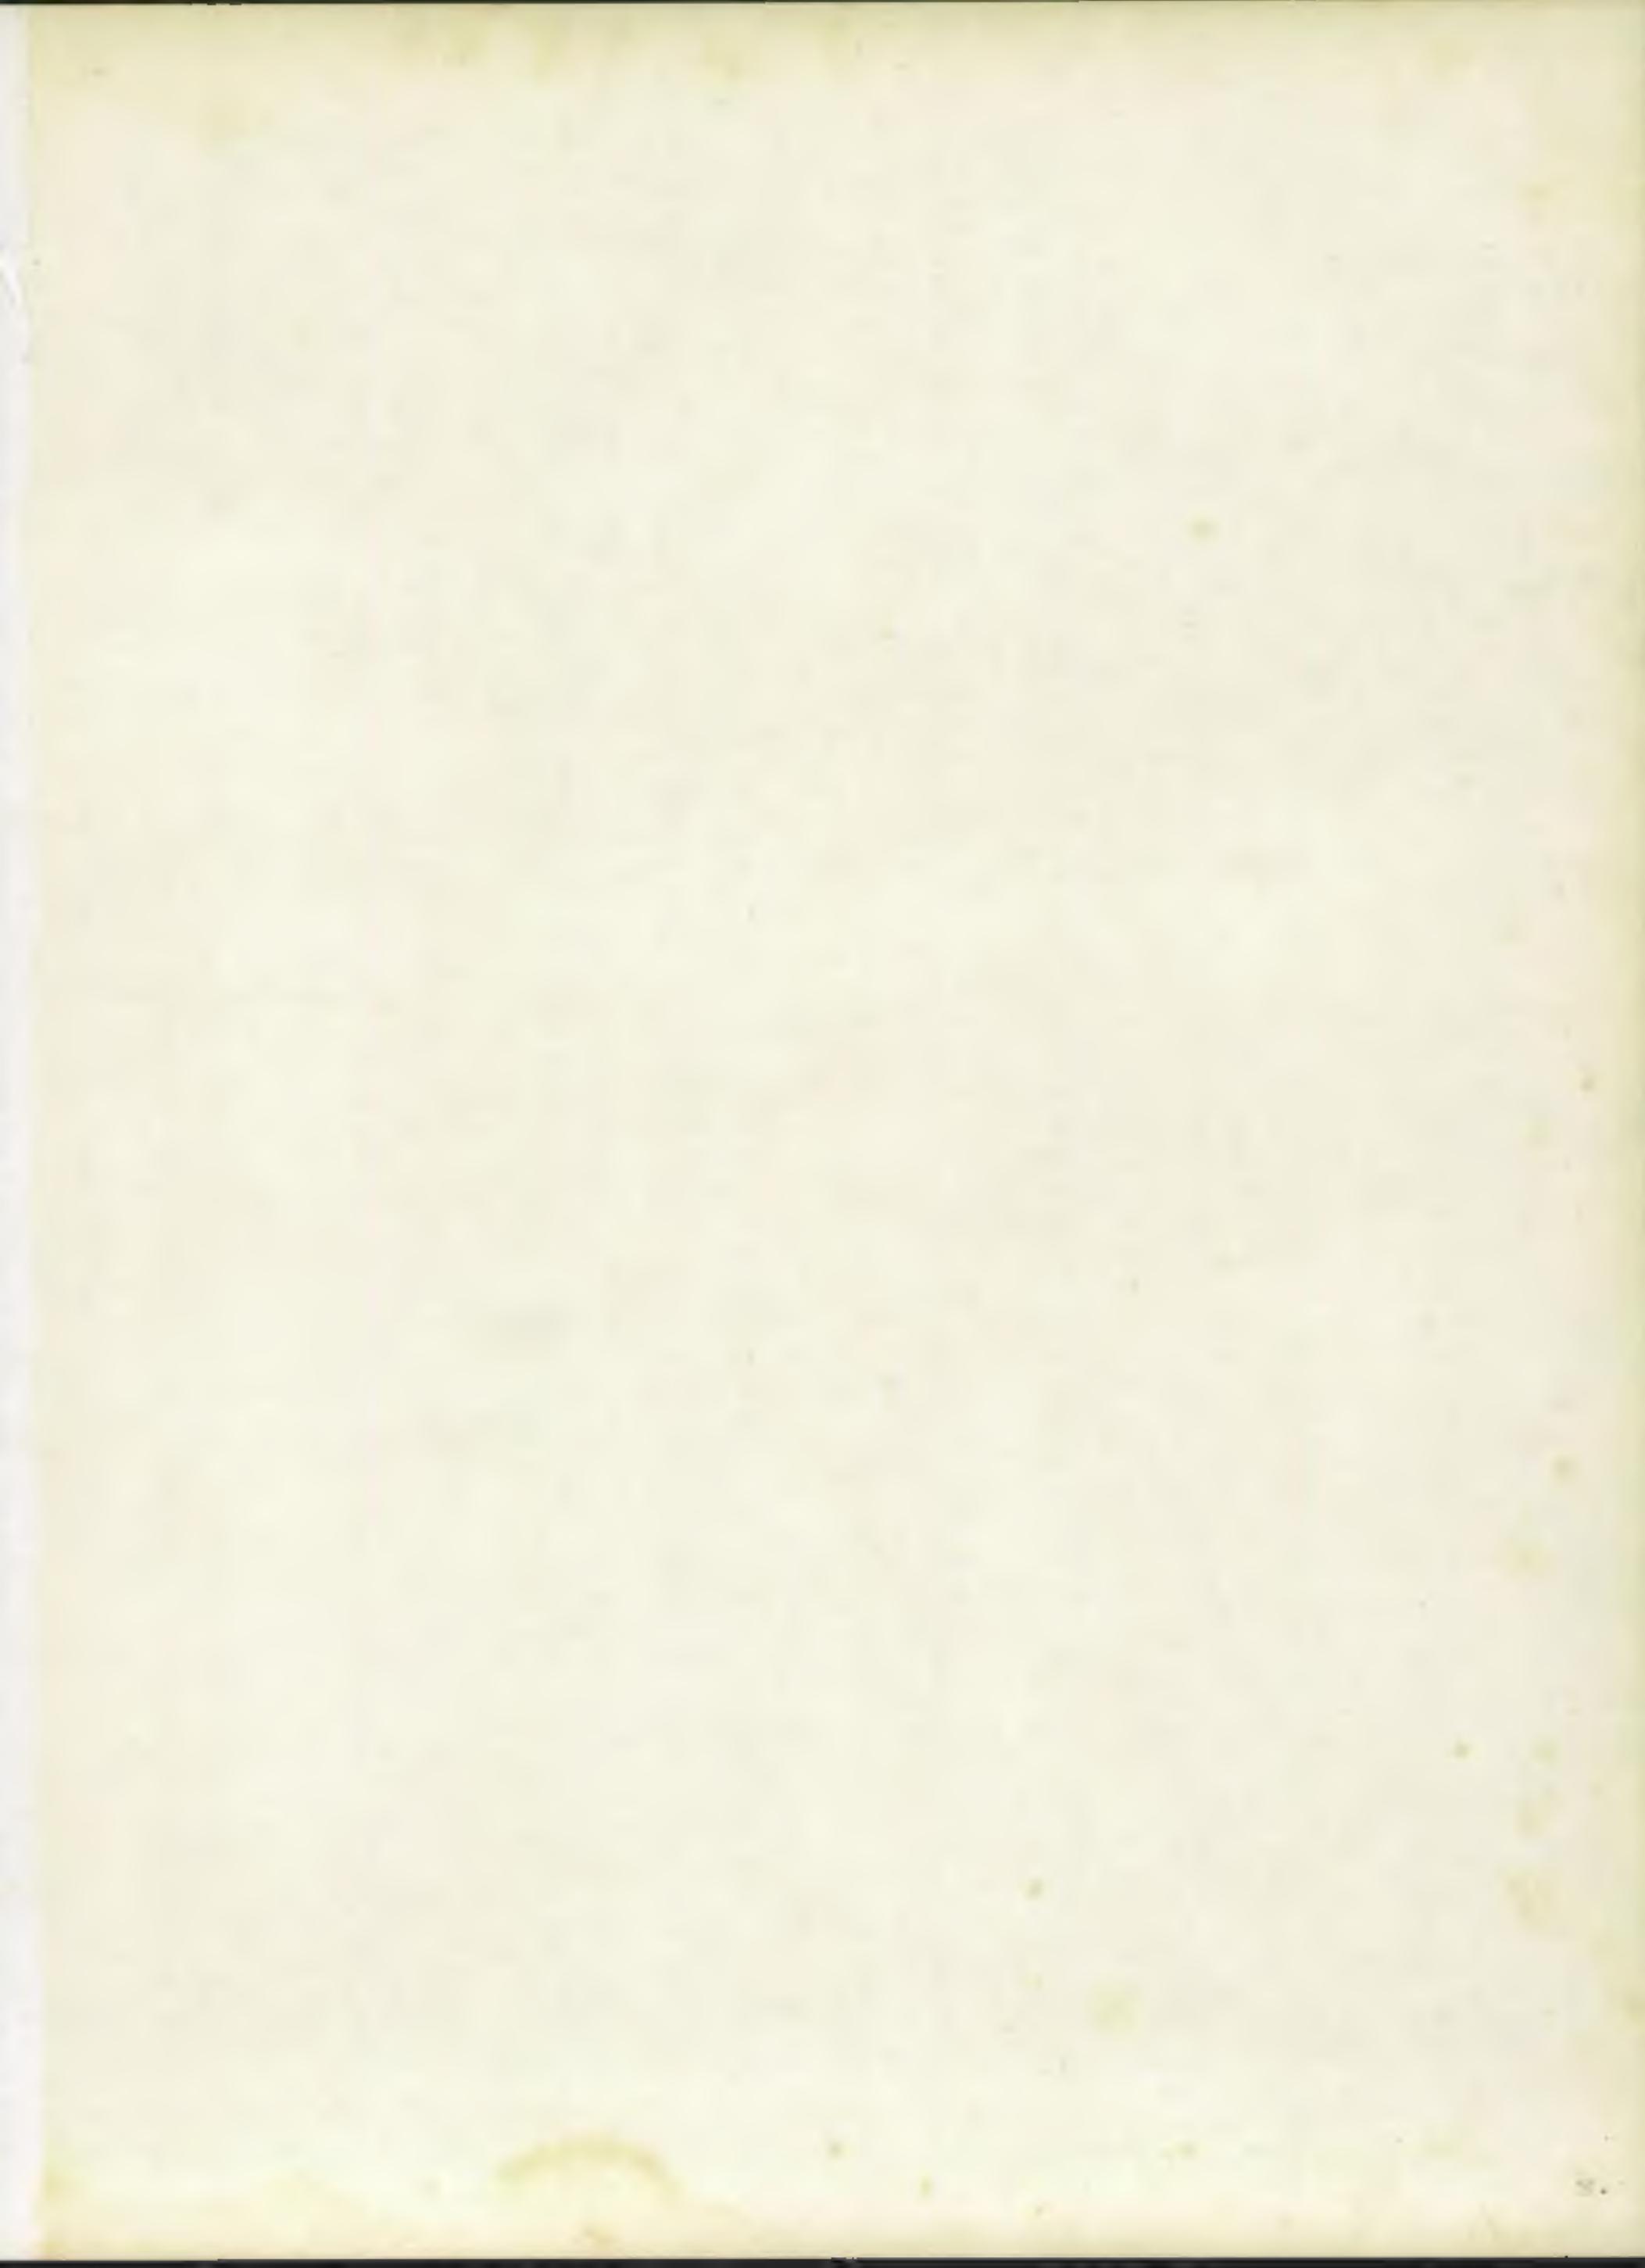

Now I would like to express my own feelings. I started the year out as the Business Manager. My job was to cover the cost of the yearbook. I am proud to say with the help of the staff we covered our cost and we also were able to pay off part of the previous years debts. In the middle of the year when the staff fell apart and when things weren't going right, I was asked to take over the job as editor, which I did. The staff that remained, and I, decided to keep the original theme and to do our best. We had to change a few things because of publishers problems. Since we cannot re-enact the past we were not able to take pictures of certain things, but in all the highlights of the 1979 school year are mentioned and seen in this yearbook.

To everyone that helped and gave their time, thank you, and the best of luck in the future to all of you.

Sincerely,

Scott D. Kobylski
Editor

Linda,

To a really good looking chick
who I like a lot. Remember all the
good times we had caddying. I hope
the years are good to you. Maybe
we'll meet someday at the big golf
course in the sky (or hell) Stay the
way you are, don't change, and you'll
go far. Corny huh?

Love ya always,
Dave '80

P.S. If you don't like this, I give
you my permission to burn the book.

Linda,

To a good looking person
whom I liked a lot
for a long time.

Love
